Forever

our business opportunity

BE PART OF SOMETHING GOOD

Forever is not just another large, multinational corporation. We're different. Our business works by allowing ordinary people to launch their own independent businesses from home. Forget endless meetings, office politics and working through the night - all just to line someone else's pockets. Every bit of work you do will help you and the success of your business.

DO SOMETHING DIFFERENT

Deciding what to do for a living is a big decision and one that we all have to make. Perhaps you're fresh out of uni or college and are just starting out in your career. Maybe you've been in the rat race for a while and are looking for another way. Or perhaps you love what you do but need a little extra income each month. Whatever your motivations, Forever could be exactly the change you've been looking for.

THE PRODUCTS: SELL SOMETHING YOU BELIEVE IN

We're passionate about aloe vera - it's at the heart of everything we do. And as we grow more aloe vera than any other company in the world, it's safe to say we know exactly where every drop has come from. Inspired by this amazing, versatile plant, our health, nutrition and skincare ranges are designed to help you love your body from top to toe - and help you take better care of yourself, inside and out.

Our farmers and product developers work tirelessly to squeeze every ounce of goodness out of our home-grown crop - and as a Forever Business Owner, you would be sharing these amazing products for a living.

CORPORATE SOCIAL RESPONSIBILITY: WHAT WE DO MATTERS

If you are looking for a career that makes you feel good about what you do, the search is over! Our philosophy is all about feeling good - not just through our products - but through the impact we make on the world. Unlike other companies that brag about environmental responsibility to keep up with trends, Forever continually assesses its own practices to better itself on a regular basis. We don't do it because it's trendy. We do it because we believe it's the right thing to do. By employing local farmers and providing excellent working conditions, their steady jobs and pay are the envy of neighbouring communities.

OUR BUSINESS MODEL

How does it all work? You may have heard of network marketing before? Well, the best thing to do is to forget everything you've heard up until now and start afresh with an open mind. People really do make a success of this - so there's no reason why you couldn't too. Here's how it all works (in a nutshell):

START YOUR JOURNEY

You buy Forever's products directly from the company at the wholesale price, and can then sell them at the recommended retail price, leaving you with the profit.

If you join us with a collection of our most popular products through purchasing the **Start Your Journey Pack**, you immediately qualify as an Assistant Supervisor and receive a staggering 35% discount on all of our products! This pack not only combines our most popular products at a reduced price but comes with a free pack of retail and business tools and training material to get you started. You can use the products and start to retail straight away for an immediate return.

The vast majority of people wishing to build a business with Forever start by simply registering and purchasing a **Start Your Journey C9 Combo Pack**. It's that simple.

PROGRESS AND EARN

As an Assistant Supervisor, you are entitled to buy products from Forever at the standard wholesale price of 30% below the recommended retail price, and will make 30% profit on your retail sales. It doesn't matter if you use the products yourself, or you sell them, you still get the 30% discount. You may also be eligible for a further 5% bonus depending on your volume.

You have the opportunity to earn **RESIDUAL INCOME** as your Forever business grows.

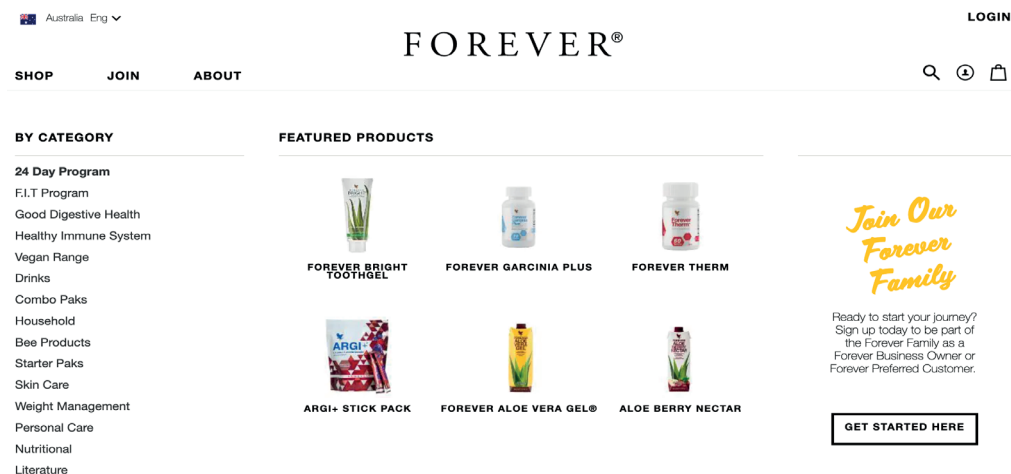

By continuing this process, sharing the business opportunity with others and teaching those people to do the same, you will work your way through the Forever Marketing Plan. At each level of the plan, you will be entitled to a bigger bonuses. There are also lots of exciting incentives along the way, with amazing benefits to be earned including trips away and cash bonuses. The idea behind this way of working is to build a business that prioritises it's people not profits. For this reason, Forever is made up of people who really love what they do.
