A note from **Gregg Maughan**

For nearly 50 years, Forever has been dedicated to helping people look and feel their best. We combine ingredients found in nature with cutting-edge science to bring you the most effective products, starting with pure inner leaf aloe vera gel from our very own fields.

No matter where you are on your wellness journey, there's a place — and a product — for you at Forever. Our hope is that, through our products and global community, you will experience the difference that Forever has made for millions of people around the world.

Gregg Maughan

CEO, Forever Living Products International

From Plant to Product to You

We use **only** the pure inner leaf aloe vera gel from *Aloe barbadensis* Miller, the most nutritionally valuable variety of aloe vera. Our aloe vera gel has been certified by the International Aloe Science Council.

We **hand-harvest** the aloe plants at peak ripeness to ensure potency and hand-fillet them to extract the pure inner leaf aloe vera gel.

Within six hours of harvesting, we use our proprietary aseptic processing method to help preserve freshness and potency.

We prioritize environmental responsibility in our aloe fields by recycling all the water, using solar-powered pumps, a drip watering system and using goats for natural weed control and fertilizer.

Our Aloe Vera of America (AVA) lab performs 100,000 quality tests per year.

As a vertically integrated company, we own our process: our aloe fields, manufacturing facilities, research and development, quality control laboratories, and distribution channels.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

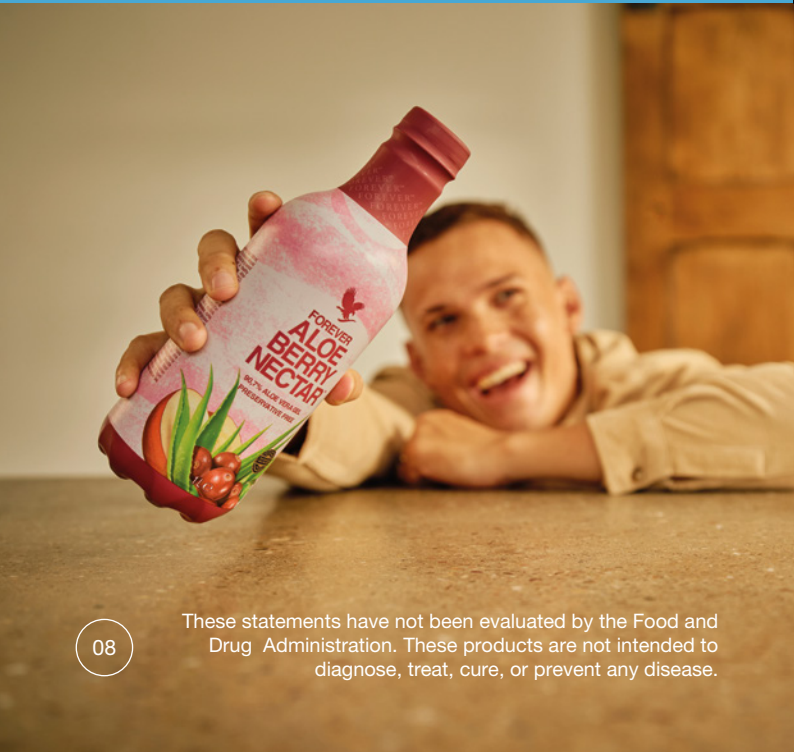

As the largest grower and manufacturer of aloe vera and aloe vera-based products in the world, we bring aloe vera to you in its most authentic form.

Our inner leaf aloe vera gel is free from added preservatives and 100% pure.

We use the highest quality standards with no compromises in sourcing, manufacturing and testing to deliver products that nourish your body.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

FOREVER®

Drinking our aloe vera gel drinks can help promote friendly bacteria in the digestive tract and help you maintain natural energy levels.

Acemannan, a unique polysaccharide found in aloe vera gel, helps support immune health.

Our aloe vera plants grown in the Dominican Republic, and the inner leaf aloe vera gel extracted from them, are 100% USDA certified organic and 100% EU certified organic.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

| Drinks

Aloe Vera

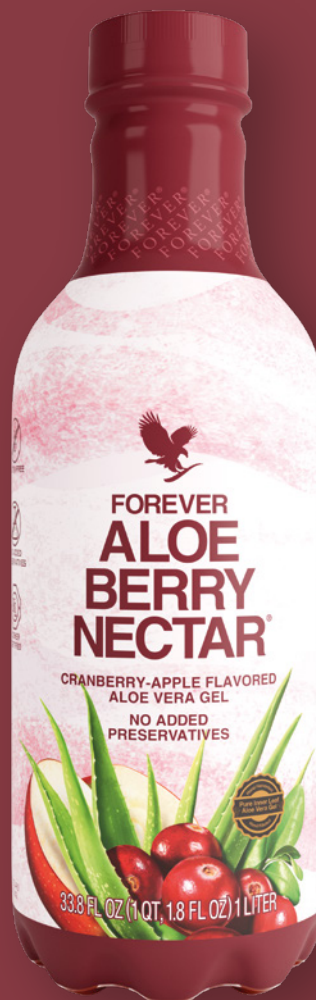

Forever's pure inner leaf aloe vera gel is the foundation for our drink products.

It is **hand-harvested** from Forever's aloe fields in the Dominican Republic, and it is aseptically processed, which allows the formula to remain **free of added preservatives.**

Forever's aloe vera gel is certified by the International Aloe Science Council for its aloe content and purity, so no matter which Forever drink you choose, you're getting the benefits of aloe, just as nature intended.

What's more, our nutritional drinks contain up to 99.7% pure inner leaf aloe vera gel, the heart of our company and many of our products.

The Rex Maughan Forever Giving Foundation

The Rex Maughan Forever Giving Foundation is committed to continuing the legacy and charitable work of Forever's founder, Rex Maughan.

The Rex Maughan Forever Giving Foundation supports organizations that help women and children around the world who are impacted by poverty, hunger and limited access to medical care, as well as communities affected by natural disasters.

Over the last 15 years, our global community has come together to help create brighter futures for families through projects such as:

Packing over 5 million meals for children.

Providing five communities with sustainable access to clean water.

Reaching over 3,000 earthquake survivors with extended counselling and resources for rebuilding.

We look forward to the next 15 years and beyond as we continue to work toward our mission to Make a Difference.
